Independent Auditors' Report

To the Board of Directors
Scholarship Foundation of Santa Barbara
Santa Barbara, California

We have audited the accompanying statement of financial position of the Scholarship Foundation of Santa Barbara (the Foundation), a non-profit organization, as of June 30, 2010 and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit. Information for the year ended June 30, 2009, is presented for comparative purposes only and was extracted from the financial statements for that year, on which an unqualified opinion dated September 18, 2009 was expressed.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Scholarship Foundation of Santa Barbara as of June 30, 2010 and the changes in net assets and cash flows for the year then ended in conformity with generally accepted accounting principles in the United States of America.

SCHOLARSHIP FOUNDATION OF SANTA BARBARA

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Scholarship Foundation of Santa Barbara (the Foundation) is a non-profit organization that provides scholarships and loans to graduates of high schools in Santa Barbara County, California. The Foundation also provides free outreach and financial aid counseling as a public service.

Basis of Accounting

The accompanying financial statements of the Foundation have been prepared in accordance with Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-For-Profit Organizations*. SFAS No. 117 establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions as follows:

Unrestricted Net Assets

The unrestricted group of net assets represents unrestricted resources available for current support of Foundation activities.

Temporarily Restricted Net Assets

Temporarily restricted net assets include charitable remainder trusts and donations that have been restricted by donors for time or certain purposes, generally awarding student aid. When the restrictions have been met, the funds are fully expendable.

Permanently Restricted Net Assets

Permanently restricted net assets represent endowment funds and charitable remainder trusts which by donor restriction require that the corpus be invested in perpetuity and only the income be made available for program operations in accordance with donor restrictions.

SCHOLARSHIP FOUNDATION OF SANTA BARBARA

NOTES TO FINANCIAL STATEMENTS

Cash and Cash Equivalents

The Foundation includes in cash equivalents all highly liquid investments that can be readily converted to a known amount of cash. These investments are typically savings and money market accounts from which funds may be withdrawn by check.

Marketable Securities

Marketable securities are recorded at fair market value. Changes in unrealized gains or losses are recorded as a change in the appropriate class of net assets.

Donor Restrictions

The Foundation reports donations of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. The Foundation reports donations of property and equipment (or other long-lived assets) as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Donations of long-lived assets with explicit restrictions that specify how the donated assets must be used and donations of cash or other assets that must be used to acquire long-lived assets are reported as restricted support.

Santa Barbara Foundation Loan Program

The Foundation receives a significant grant from the Santa Barbara Foundation each year that is restricted for funding Santa Barbara Foundation Loan Program loans. The Foundation expends a significant amount of effort and resources in recruiting, screening, evaluating and communicating with applicants for the Santa Barbara Foundation Loan Program. Management has determined the grant constitutes a contribution to the Foundation in accordance with SFAS No. 116 *Accounting for Contributions Received and Contributions Made* and reports the grant as a contribution in the accompanying financial statements. In addition, the Foundation has determined the loan awards made under the loan program meet the definition of an expense as defined by SFAS No. 116. Accordingly, the Foundation reports the amount of loan awards as a program expense in the accompanying financial statements.

SCHOLARSHIP FOUNDATION OF SANTA BARBARA

NOTES TO FINANCIAL STATEMENTS

Donated Property and Investments

Donated property and investments are recorded as contributions at their fair market value at date of receipt.

Property and Equipment

The Foundation's investment in equipment and leasehold improvements is stated at cost. Depreciation is calculated using the straight-line method over an estimated useful life of five to ten years. One-half year depreciation is taken in the year of acquisition.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Scholarships and Student Loans Awarded Payable

The Foundation reports scholarship and student loans awarded payable at the total awards made less the estimated awards that will be rescinded due to changes in the recipient student's situation. The Foundation estimates the amount of rescinded awards using the average of rescissions made in the previous 5 years.

Allocation of Income Between Funds

Income, including gains and losses, earned by permanently restricted net assets is considered expendable for scholarships and is allocated to the temporarily restricted net assets until the scholarships are awarded. The balance of investment income is allocated to the unrestricted net assets.

Income Taxes

The Foundation is a nonprofit organization which is exempt from income taxes under Internal Revenue Code Section number 501(c)(3); therefore, no provision for income taxes is required. The Foundation is not a private foundation for income tax purposes.

SCHOLARSHIP FOUNDATION OF SANTA BARBARA

NOTES TO FINANCIAL STATEMENTS

Donated Services

Donated goods and services received by the Foundation are recorded at the estimated fair market value at the time of the donation.

Comparative Amounts

The amounts shown for 2009 in the accompanying financial statements are included to provide a basis for comparison with 2010 and are not intended to present all information necessary for a fair presentation of the 2009 financial statements in conformity with generally accepted accounting principles.

NOTE 2 - PLEDGES RECEIVABLE

Unconditional promises are included in the financial statements as pledges receivable and revenue in the appropriate net asset category. As of June 30, 2010 and 2009 pledges receivable totaled \$3,074,857 and \$3,629,713, respectively. Management believes all receivables are collectible and thus no reserve for doubtful pledges has been established. The pledges receivable as of June 30, 2010 are expected to be collected in the year ended June 30, 2011.

NOTE 3 - MINERAL INTERESTS

The Foundation received a bequest of various mineral interests in Oklahoma which is held in trust. The trustee is the First National Bank of Okmulgee. The trust is revocable by the Foundation. The mineral rights are carried in the balance sheet at the estimated fair market value at the date of donation, less depletion. As of June 30, 2010, the cost and accumulated amortization is \$50,000 and \$26,000, respectively.

NOTE 4 - INVESTMENTS

The Foundation's investments include both marketable securities and nonmarketable securities. Marketable securities are presented in the financial statements at fair market value, while nonmarketable securities are presented at estimated market value.

NOTE 6 - SPLIT INTEREST AGREEMENTS

The Foundation is the remainderman for eight charitable split interest agreements as of June 30, 2010, that have been established by donors to provide income, generally for life, to designated beneficiaries. The remainder of the trusts will be distributed to the Foundation for the purposes designated in the trust agreements, generally for restricted or endowment purposes. Each year, beneficiaries receive a percentage of the trust's fair market value, limited to the net income or net-income-with-make-up provisions, payable quarterly.

The trusts are separate legal entities, created under the provisions of Section 664 of the Internal Revenue Code, and have a calendar year end as required by the Tax Reform Act of 1986. They are exempt from federal and California income taxes on investment accumulated for future distributions and any net capital gains.

The Foundation does not act as trustee for these trusts, which are included on the financial statements under the caption "contributions receivable from split interest agreements". For financial statement presentation, the interest in these trusts is presented at the net present value of the estimated future benefits to be received when the trust assets are distributed, using a discount rate of 3.4% to 10% based on the terms of the trust agreement. This discount rate is then applied to the estimated future cash flows based on the life expectancy of each trust's income beneficiary.

NOTE 14 -ENDOWMENT

The Foundation's endowment consists of approximately 140 individual funds established to fund scholarship awards. Its endowment consists of donor-restricted endowment funds. As required by generally accepted accounting principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as enacted in California as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in

making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$361,630 as of June 30, 2010. These deficiencies resulted from unfavorable market fluctuations that occurred during the years 2008 and 2009 and were not fully recovered in the year that ended June 30, 2010.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for scholarship awards supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity mutual funds investments to achieve its long-term objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Board of Directors of the Foundation determines the total dollar amount of funds from the endowment to be appropriated for scholarship awards each year as part of the overall student aid awards budget that is finalized in March. This amount is calculated as a percent of the average fair value of the endowment over the prior 36 months. Generally, the percent may fall between 5% and 7%, depending on the Foundation's student aid goals as well as economic conditions. In extraordinary circumstances, the Board of Directors may approve appropriations outside of this range.
